

# ECB Training Matrix

Safeguarding is everyone's responsibility and the ECB are committed to ensuring that everyone involved in cricket has the opportunity to undertake appropriate safeguarding training.

This training matrix aims to make clear which of our training options should be undertaken for roles within cricket and also which roles require an ECB DBS check.

If you do undertake multiple roles in cricket please consult your County Safeguarding Officer if you are unsure about the requirements.

Full details on the training courses available and how to access them can be found on the [ECB website](#).
